

THE SUWALSKI ~ WORLD CLUB

for latin lovers everywhere!

Expect a spectacular musical experience when the **Suwalski Worldclub** goes on tour. The music of this 10 piece powerhouse band is a sensual mixture of steamy street rhythms from Havana and dynamic Latin Jazz arrangements from New York. The night is transformed into a Cuban fiesta with hot rhythms, sensual dancing and cool Mojitos at the bar.

Suwalski Worldclub appears with a star-studded team of renowned musicians from Cuba, America and Denmark. Among the Cubans are the delightful and dynamic lead vocalist Lili Hernandez and the stylistically innovative master drummer Calixto Oviedo, who played with great names such as Ruben Gonzales and NG la Banda.

The repertoire covers a broad range of Cuban and New York style salsa with vocal choruses as well as instrumental Latin Jazz. The connecting elements in the music are the chorus arrangements

and the exciting rhythm section that makes a danceable background for the jazz inspired harmonies.

The 2004 CD release **Welcome To The Worldclub** was nominated for several highly esteemed Danish music awards.

Danish magazine reviews:

'The Musician': *"Beautiful CD... Made by a fantastic team of musicians"*

Leading ladies magazine 'Alt For Damerne': *"Turn up the radiators, close your eyes and dream about warmer places. This CD will get you cool, calm and collected all the way through January"*
